What are the risks of investing?

Risk indicator for Nikko AM ARK Disruptive Innovation Fund:

The risk indicator is rated from 1 (very low) to 7 (extremely high). The rating reflects how much the value of the fund's assets goes up and down. A higher risk generally means higher potential returns over time, but more ups and downs along the way.

To help you clarify your own attitude to risk, you can seek financial advice or work out your risk profile at www.sorted.org.nz/tools/investor-kickstarter.

Note that even the lowest category does not mean a risk-free investment, and there are other risks that are not captured by this rating.

This risk indicator is not a guarantee of a fund's future performance. The risk indicator is based on the returns data for the five year period to December 2021¹. While risk indicators are usually relatively stable, they do shift from time to time. The risk indicator will continue to be updated in future fund updates. See the product disclosure statement (PDS) for more information about the risks associated with investing in this fund.

What fees are investors charged?

Investors in the Nikko AM ARK Disruptive Innovation Fund are charged fund charges. Based on the PDS, dated 31 March 2021, these were expected to be (inclusive of GST where applicable):

| | % of net asset value |
|--|----------------------|
| Total fund charges | 1.25% |
| Which are made up of: | |
| Total management and administration charges | 1.25% |
| Including: | |
| Manager's basic fee | 1.25% |
| Other management and administration charges (estimated) | 0.00% |
| Total performance-based fees | 0.00% |

Investors may also be charged individual action fees for specific actions or decisions (for example, for withdrawing from or switching funds). See the Nikko AM ARK Disruptive Innovation Fund PDS for more information about those fees.

Example of how this applies to an investor

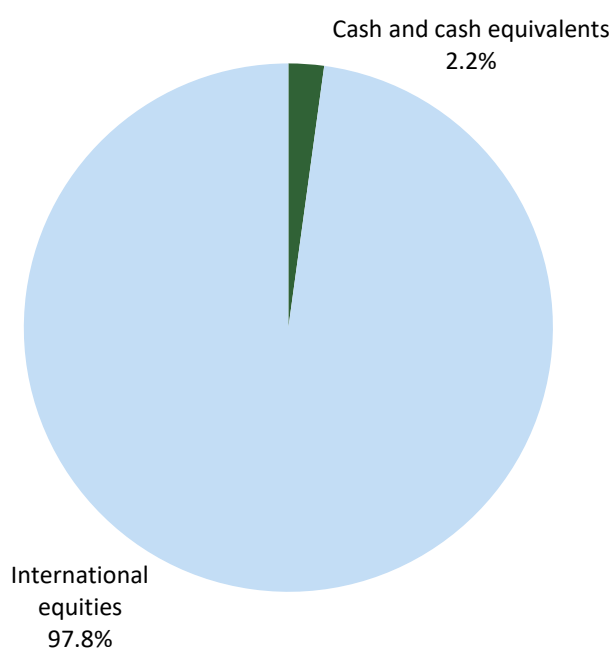

Small differences in fees and charges can have a big impact on your investment over the long term. For the purposes of this example, performance has been calculated from 20 November 2020 when the first investment was made into the fund.

Simon had \$10,000 in the fund at the start of the year and did not make any further contributions. At the end of the year, Simon incurred a loss after fund charges were deducted of \$2,062 (that is -20.62% of his initial \$10,000). Simon also paid \$30 in other charges. This gives Simon a total loss after tax of -\$2,174 for the year.²

Notes

¹ Because the fund is less than five years old, the risk indicator uses returns data partly from returns of the fund, and partly (for the period January 2017 to October 2020) from the NASDAQ-100 (in NZD). As a result of this, the risk indicator may provide a less reliable indicator of the potential future volatility of the fund.

² For the purpose of this example, the start of the year is 1 January 2021.

³ All investments described in this fund updates are in New Zealand dollars.
