

Product Disclosure Statement

For an offer of units in the

NIKKO AM ARK DISRUPTIVE INNOVATION FUND

This is a replacement PDS, which replaces the
PDS dated 4 February 2022

Dated 3 July 2023

Issued by Nikko Asset Management
New Zealand Limited

This document gives you important information about this investment to help you decide whether you want to invest. There is other useful information about this offer on www.business.govt.nz/disclose. Nikko Asset Management New Zealand Limited has prepared this document in accordance with the Financial Markets Conduct Act 2013. You can also seek advice from a financial adviser to help you to make an investment decision.

1. Key information summary

What is this?

This is a managed investment scheme. Your money will be pooled with other investors' money and invested in various investments. Nikko Asset Management New Zealand Limited (**Nikko AM NZ, we, us or our**) will invest your money and charge you a fee for its services. The returns you receive are dependent on our investment decisions and the performance of the investments. The value of those investments may go up or down. The types of investments and the fees you will be charged are described in this document.

What will your money be invested in?

| Description and investment objective | Risk Indicator ¹ | Annual fund charges (% p.a. of net asset value (NAV)). All fees and expenses are inclusive of GST where applicable. If you are receiving financial advice, servicing and advice fees may also be applicable ² |
|--------------------------------------|-----------------------------|--|
|--------------------------------------|-----------------------------|--|

The Fund provides access to a global share portfolio that offers thematic exposure to disruptive innovation across a number of sectors and geographies.

Disruptive innovation is caused by the introduction of new technologically enabled products or services that permanently change an industry or economic sector by providing greater simplicity, accuracy, customisation and accessibility while driving down costs.

This Fund would be suitable for investors who have an investment time frame of seven years or longer and are comfortable to accept periods of high volatility.

Foreign currency exposure in this fund is not hedged.

The Fund aims to achieve an absolute return of 10% per annum over a rolling five year period before fees, expenses and taxes.

This Fund has an extremely high level of volatility.

1.30%

¹ As the fund has existed for less than 5 years, market index returns have been used to calculate the risk indicators for the period April 2018 to August 2019 and actual fund returns for the period September 2019 to March 2023. therefore, the risk indicator may provide a less reliable indicator of the potential future volatility of the Fund.

² **Servicing and advice fees: (Applies only with your agreement and if you are receiving financial advice)**

If we have received a letter of instruction from you to deduct an agreed fee payable to your financial adviser, we will deduct that agreed fee as a servicing and advice fee. The amount of the fee can range from 0% - 1.00% per annum (incl. GST). The fee is paid monthly by redemption of units you hold, until you advise us that you no longer wish us to pay that fee.

See Section 4, "What are the risks of investing?" for an explanation of the risk indicator and for information about other risks that are not included in the risk indicator. To help you clarify your own attitude to risk, you can seek financial advice or work out your risk profile at <https://sorted.org.nz/tools/investor-profiler/>.

Who manages the Scheme and the Fund?

The Fund is established within the Nikko AM NZ Investment Scheme (the **Scheme**). The Manager of the Scheme and the Fund is Nikko AM NZ. This Product Disclosure Statement (**PDS**) is an offer of units in the Nikko AM ARK Disruptive Innovation Fund (the **Fund**).

See Section 7, "Who is involved?" for more information.

How can you get your money out?

Investments in the Fund are redeemable.

You may at any time request the redemption of some or all of your investment. In some circumstances, we may suspend or defer withdrawals. See “Withdrawing your investments” under Section 2 for more information.

Your investment in the Fund can be sold but there is no established market for trading these financial products. This means that you may not be able to find a buyer for your investment.

How will your investment be taxed?

The Fund offered under this PDS is a Portfolio Investment Entity (PIE).

The amount of tax you pay in respect of a PIE is based on your prescribed investor rate (PIR). To determine your PIR, go to <https://www.ird.govt.nz/roles/portfolio-investment-entities/find-my-prescribed-investor-rate>.

See Section 6, “What taxes will you pay?” for more information.

Where can you find more key information?

Nikko AM NZ is required to publish quarterly updates for the Fund. The updates show the returns and the total fees actually charged to investors during the previous year. The latest fund updates are available at www.nikkoam.co.nz/invest/retail.

The Manager will also give you copies of those documents on request.

2. How does this investment work?

This PDS is an offer of units in the Nikko AM ARK Disruptive Innovation Fund (the **Fund**).

The Fund invests in the Nikko AM Wholesale ARK Disruptive Fund Innovation Fund which in turn invests in the Nikko AM ARK Disruptive Fund Innovation Fund (the **Underlying Fund**), a sub-fund of the Nikko AM Global Umbrella Fund, an open-ended investment company established under Luxembourg law as a société d'investissement à capital variable (SICAV).

Benefits of investing in the Fund include:

- Access to a global equity portfolio that provides thematic exposure to disruptive innovation across a number of sectors, economies, geographies and companies.
- Access to early-stage and emerging companies through listed global equity markets, which offer high growth potential without the high costs and illiquidity typically associated with similar investments accessed via venture capital funds.

The Fund is a trust established within the Nikko AM Investment Scheme and governed by the Trust Deed effective 25 June 2021 (the **Nikko AM NZ Trust Deed**).

- The money you invest buys units in the Fund. When you invest in the Fund, your money is held on trust and pooled with the money of other investors in the Fund. We use this money to buy assets for the Fund on behalf of all investors in the Fund. Assets are selected and managed by a professional investment management team in the manner described in Section 3, "Description of your investment option".
- The purchase of units gives you the right to the returns from the assets of the Fund, but does not give you legal ownership of the Fund's assets.
- The assets of the Fund are not available to be applied to meet the liabilities of any other fund in the Scheme.

The Fund's unit price is usually calculated on each Business Day by dividing the total net value of the Fund's assets by the number of units on issue in the Fund, rounded to four decimal places.

The Fund's assets are valued independently of us. The value of your investment will be impacted by any change in the value of the assets of the Fund which is reflected in the unit price of the Fund. You can calculate the value of your investment by multiplying the number of units you hold in the Fund by the exit price of a unit. The most recent unit prices are available at www.nikkoam.co.nz/invest/retail.

Distributions

The Fund does not currently distribute income or capital gains. Any income or capital gains will be included in the unit price calculated for the Fund.

Joining the Scheme

To invest in the Fund, individuals can apply via <https://www.goalsgetter.co.nz/> Trusts, joint or other types of investment entities can apply by contacting us at NZenquiries@nikkoam.com

The minimum initial investment in the Fund is \$250. The minimum investment amount is subject to change.

Applications will generally be processed using the purchase price calculated as at close of business on the day of your application providing it was made prior to 2pm otherwise, the next business day. Confirmation of your investment will generally be issued to you within five days of your application being processed.

We may accept or refuse any application in either whole or part and we are not required to give any reason or ground for such refusal.

Please see Section 10 "How to apply" for more information or contact us at NZenquiries@nikkoam.com.

Making investments

Further investments can be made by lump sum or regular investments and must be at least \$20. You can do this using internet banking by adding Nikko AM to your payee list or by setting up a direct debit. You can set up a direct debit when logged into GoalsGetter or by [contacting us](#) for a form.

Withdrawing your investments

See section 10 for how to redeem if you are investing via a party other than the Manager, such as a PIP or custodial service. You can request to redeem some or all of your investment at any time by logging into GoalsGetter or by contacting us.

Nikko AM NZ sets a minimum redemption amount of \$250. The number of units redeemed will be calculated by dividing the dollar amount you request to redeem, less any withdrawal fee (not currently charged), by the applicable exit price of a unit. Any redemption request that would cause an investor's holding in the Fund to fall below \$250 may be deemed by us to be a redemption request in respect of their entire holding in the Fund.

We will deduct from your redemption proceeds an amount equal to any applicable PIE tax on income allocated to redeemed units.

We will pay net proceeds to you as soon as possible after processing the request and in any event no later than 30 days after receipt. We may however suspend or defer withdrawals or delay payment under certain conditions summarised in the Nikko AM NZ Other Material Information document (on the offer register) or as set out in full in the Nikko AM NZ Trust Deed (on the scheme register). In those circumstances, you may have to wait a longer period of time before you can withdraw your investment.

How to switch between funds

You can request to switch part or all of your investment from this Fund to another fund within the Scheme at any time by logging into your GoalsGetter account or contacting us. We may decline or delay the switch without providing a reason. Switches investors can make in any calendar year are limited to 12. Unless you are switching all of your investment, at least \$250 must remain in the Fund. A buy/sell spread may be applicable.

A switch is regarded as a withdrawal from an investment and an acquisition of a new investment. If you make an application to withdraw or switch, we will deduct any PIE tax required from the amount that is withdrawn or switched between the funds and pay any such PIE tax to Inland Revenue.

Information on other Nikko AM NZ funds not offered under this PDS is provided in the following PDS documents, which can be found at www.nikkoam.co.nz/invest/retail:

- Nikko AM Cash and Fixed Interest Funds PDS
- Nikko AM Domestic Equity Funds PDS
- Nikko AM Global Equity Funds PDS
- Nikko AM Diversified Funds PDS
- Nikko AM Income Fund PDS

3. Description of your investment option

| Summary of investment objective and strategy | Target asset mix | Risk Indicator | Minimum suggested investment timeframe |
|--|---|--|--|
| <p>Fund Objective: To outperform the benchmark of an absolute return of 10% per annum over a rolling five-year period before fees, expenses and taxes.</p> <p>Strategy: The fund gains its investment exposure by investing in the Nikko AM Wholesale ARK Disruptive Innovation Fund which invest in the Underlying Fund, a sub-fund of the Nikko AM Global Umbrella Fund, an open-ended investment company established under Luxembourg law as a société d'investissement à capital variable (SICAV). The Underlying Fund provides access to a global share portfolio that offers thematic exposure to disruptive innovation across a number of sectors, economies, geographies and companies.</p> <p>Full details of the strategy, permitted investments and restrictions for the Fund are outlined in the SIPO.</p> | <p>The Nikko AM ARK Disruptive Innovation Fund targets 100% investment in the Nikko AM Wholesale ARK Disruptive Innovation Fund.</p> <p>The wholesale fund targets 100% investment in the Underlying Fund which has a target asset allocation of 100% international equities.</p> | <p>7¹</p> <p>This Fund has an extremely high level of volatility.</p> | <p>Seven+ years</p> |

¹ As the fund has existed for less than 5 years, market index returns have been used to calculate the risk indicators for the period April 2018 to August 2019 and actual fund returns for the period September 2019 to March 2023. therefore, the risk indicator may provide a less reliable indicator of the potential future volatility of the Fund. The appropriate market index for this Fund is the NASDAQ-100 (in NZD). More information can be found in the Scheme's SIPO.

We may make changes to the Statement of Investment Policy and Objectives (SIPO) of the Scheme from time to time, after having given reasonable prior written notice to and in consultation with the Supervisor. We consider whether the changes are in investors' best interests and will notify you of any material changes before we make them. Material changes to the SIPO will also be described in the Scheme's annual report.

The current SIPO for the Fund can be found on the Disclose register at www.business.govt.nz/disclose or on our website www.nikkoam.co.nz/invest/retail

Further information about the assets in the Fund can be found in the Fund Updates at www.nikkoam.co.nz/invest/retail.

4. What are the risks of investing?

Understanding the risk indicator

Managed funds in New Zealand must have a standard risk indicator. The risk indicator is designed to help investors understand the uncertainties both for loss and growth that may affect their investment. You can compare funds using the risk indicator.

Example Risk Indicator

This is an example Risk Indicator. For the Fund Risk Indicator, see the “Key Information Summary” section.

The risk indicator is rated from 1 (very low) to 7 (extremely high). The rating reflects how much the value of the fund's assets goes up and down (volatility). A higher risk generally means higher potential returns over time, but more ups and downs along the way.

To help you clarify your own attitude to risk, you can seek financial advice or work out your risk profile at <https://sorted.org.nz/tools/investor-profiler/>.

Note that even the lowest category does not mean a risk-free investment, and there are other risks (described under the heading “Other specific risks”) that are not captured by this rating.

This risk indicator is not a guarantee of a fund's future performance. The risk indicator is based on the returns data for the market index returns for the period from April 2018 to August 2019 and actual fund returns from September 2019 to March 2023. While risk indicators are usually relatively stable, they do shift from time to time. You can see the most recent risk indicator in the latest fund update for the fund.

General investment risks

Some of the things that may cause the Fund's value to move up and down, which affect the risk indicator, are:

Market risk: Economic, technological, political and legal factors and market sentiment can change. These changes may affect the value of financial products in investment markets, the Fund's investments and the value of the units in the Fund.

Liquidity risk: The risk that an investment may not be able to be sold quickly enough to prevent or minimise a loss. A lack of liquidity may also affect the amount of time it takes to satisfy redemption requests.

Currency risk: the Fund predominately has exposure to investments denominated in currencies other than New Zealand (NZ) dollars. A rise in the relative value of the NZ dollar versus the currencies in which the assets are denominated will negatively impact the market value of the assets (and vice versa) from a New Zealand investor's perspective. The Fund does not hedge currency risk.

Cybersecurity and operational risk: Cybersecurity breaches may allow an unauthorised party to gain access to the Fund's assets, customer data, or propriety information, or cause the Fund or its service providers to suffer data corruption or lose operational functionality. Similar incidents affecting issuers of the Fund's securities may negatively impact performance. Operational risk may arise from human error, error by third parties, communication errors, or technology failures, among other causes.

Other specific risks

Stock selection risk: companies that the investment manager believes are capitalising on disruptive innovation and developing technologies to displace older technologies or create new markets may in fact not do so or that initially develop a novel technology may not be able to capitalise on the technology. Companies that develop disruptive technologies may face political or legal attacks from competitors, industry groups or local and national governments:

- **Regulatory, market and political:** The Fund is subject to NZ laws and regulation, and the investments of the Underlying Fund will be subject to the laws for each of their specific jurisdictions. Unexpected changes in economic, technological, structural, regulatory or political conditions can have an impact on the returns of all investments within a particular market.
- **Sector specific:** the value of investments in the Underlying Fund may be impacted by factors related to a specific sector. These could see increased or changes to government regulations for a specific sector, rapid product development or competition or economic conditions. The thematic approach of this Fund may result in sector concentrations which would increase the level of sector specific risk.
- **Concentration risk:** the Underlying Fund is generally invested in 40-65 stocks however the investments are expected to be skewed to the top ten. The Underlying Fund has no sector or currency constraints, only a 25% cap in a single GICS sub-industry. The manager of the Underlying Fund may build a portfolio that may be heavily concentrated to a particular sector, industry, country or theme. This may create potential for sharper movements in the market price of the Fund.

Key person risk: This is a specialised fund with a small investment team therefore, changes in key personnel may have particular impact on this fund's performance.

5. What are the fees?

You will be charged fees for investing in the Fund. Fees are deducted from your investment and will reduce your returns.

The fees you pay will be charged in two ways

- Regular charges (for example, annual fund charges). Small differences in these fees can have a big impact on your investment over the long term.
- One-off fees (for example, individual action fees).

Annual fund charges

| | Management Fee (% p.a. of NAV) | Total Annual Fund Charges (% p.a. of NAV). |
|--|-----------------------------------|---|
| Nikko AM ARK Disruptive Innovation Fund | 1.30% | 1.30% |

GST: All fees and expenses are inclusive of GST where applicable.

Management fee: We charge an annual management fee to the Fund which is used to pay for the management of the relevant fund's assets, including underlying investment costs, the supervisor's fee and administration costs of the relevant fund (such as audit fees, registry services and unit pricing and accounting services).

The Fund invests in the Nikko AM Wholesale ARK Disruptive Innovation Fund.
There is no charge to the Fund for this investment.

Annual fund charges are calculated and accrued daily and reflected in the unit price. The management fee is paid monthly to us.

There are no performance fees in relation to the Fund.

Individual action fees and trading costs

You may be charged other fees on an individual basis for investor-specific decisions or actions.

There are currently no contribution, establishment, termination, withdrawal or switching fees being charged to the Fund offered under this PDS. We can introduce these fees in the future as set out in the Nikko AM NZ Trust Deed.

Servicing and advice fees (Applies only if you agree and are receiving financial advice)

If we have received a letter of instruction from you to deduct an agreed fee payable to your financial adviser, we will deduct that agreed fee as a servicing and advice fee. The amount of the fee can range from 0% - 1.00% per annum (incl. GST). The fee is paid monthly by redemption of units you hold, until you advise us that you no longer wish us to pay that fee.

Further information about the servicing and advice fee is available in the Servicing and Advice Fees document on Disclose at www.business.govt.nz/disclose.

Swing Pricing Adjustment: The Underlying Fund may suffer a reduction in value, known as 'dilution', when trading the underlying investments as a result of net inflows or net outflows of the Underlying Fund. This is due to the transaction charges and other costs that may be incurred by liquidating and purchasing the underlying assets and the spreads between the buying and selling prices. In order to counter this effect and to protect shareholder interests, the management company of the Underlying Fund may adopt a swing pricing mechanism as part of its valuation policy.

If swing pricing is applied to the Underlying Fund on a particular valuation day, the Funds' unit price will be impacted.

For further information please refer to "Other Material Information" for the Fund which can be found on the Disclose register at www.business.govt.nz/disclose or on our website www.nikkoam.co.nz/invest/retail.

Example of how fees apply to investors

Noah invests \$10,000 in the Nikko AM ARK Disruptive Innovation Fund.

He is charged management and administration fees, which work out to about \$130 (1.30% of \$10,000). These fees might be more or less if his account balance has increased or decreased over the year.

Estimated total fees for the first year

Individual action fees: \$100 (if you have agreed to a servicing and advice fee of 1.00%)

Fund charges: \$130

See the latest fund update for an example of the actual returns and fees investors were charged over the past year.

This example applies only to the Fund. If you are considering investing in other funds or investment options in the Scheme, this example may not be representative of the actual fees you may be charged.

The fees can be changed

We can change fees from time to time and can also add new fees. Any change to the fees will be made in accordance with the Nikko AM NZ Trust Deed.

Nikko AM NZ must publish a fund update for the Fund showing the fees actually charged during the most recent year. Fund updates, including past updates, are available at www.nikkoam.co.nz/invest/retail.

6. What taxes will you pay?

The Fund is a portfolio investment entity. The amount of tax you pay is based on your prescribed investor rate (PIR). To determine your PIR, go to <https://www.ird.govt.nz/roles/portfolio-investment-entities/find-my-prescribed-investor-rate>. If you are unsure of your PIR, we recommend you seek professional advice or contact the Inland Revenue Department. It is your responsibility to tell Nikko AM your PIR when you invest or if your PIR changes. If you do not tell Nikko AM, a default rate may be applied. If the rate applied to your PIE income is lower than your correct PIR, you will be required to pay any tax shortfall as part of the income tax year-end process. If the rate applied to your PIE income is higher than your PIR, any tax over-withheld will be used to reduce any income tax liability you may have for the tax year and any remaining amount will be refunded to you.

For more information in relation to taxation refer to the “Nikko AM NZ Investment Scheme – Other Material Information” document on the Disclose register.

7. Who is involved?

Nikko Asset Management New Zealand Limited is the Manager of the Fund.

About Nikko Asset Management New Zealand Limited

Nikko AM NZ is a wholly owned subsidiary of Nikko Asset Management Co., Ltd (**Nikko AM**), headquartered in Tokyo, Japan. Nikko AM is a dedicated global asset manager with investment professionals across the world's major financial centres. In New Zealand we provide investment management services for domestic assets (equities, bonds, cash and alternatives) through our Auckland-based investment team and contract offshore managers to manage global assets (global equities, global bonds and alternatives).

Contact details

- Phone: 09 307 6388
- Freephone: 0800 303 308
- Email: NZenquiries@nikkoam.com
- Write: PO Box 3892, Shortland Street, Auckland 1140

Who else is involved?

| | Name | Role |
|---|---|---|
| Investment Manager of the Underlying Fund | Nikko Asset Management Americas Inc. | Implementation of the investment strategy as advised by the investment adviser. |
| Investment Adviser | ARK Investment Management LLC. | Provides a portfolio of global shares that offer thematic exposure to disruptive innovation. |
| Supervisor | Public Trust | Supervisor of the Scheme under the Financial Markets Conduct Act 2013 and responsible for monitoring Nikko AM NZ's compliance with its obligations. |
| Custodian | BNP Paribas Fund Services Australasia Pty Limited ("BNP") | Appointed by the Supervisor to hold all of the assets of the Fund on behalf of the investors. |
| Administrator | BNP | Perform services including fund valuation, unit pricing, fund accounting and PIE fund administration. |
| Registrar | Apex Investment Administration (NZ) Limited | Perform unit registry services. |
| Auditor | KPMG | Auditor of the Scheme and the Fund. |

8. How to complain

Any complaints about the Fund or the Scheme may be referred to the Manager via the contact details provided under Section 7, “Who is involved?”

You can also complain to the Supervisor at:

Public Trust

Level 16, SAP Tower

151 Queen Street

Auckland

Private Bag 5902, Wellington 6140

Freephone 0800 371 471

CTS.enquiry@publictrust.co.nz

www.publictrust.co.nz/corporate-trustee-services

The Manager and the Supervisor are both members of the Financial Services Complaints Limited independent dispute resolution scheme.

If you have made a complaint to us and it has not been resolved within 40 days or if you are dissatisfied with the proposed resolution, you can refer it to:

Financial Services Complaints Limited

Level 4, 101 Lambton Quay, Wellington 6011

PO Box 5967, Wellington 6140

Freephone 0800 347 257 or 04 472-FSCL

www.fscl.org.nz

Financial Services Complaints Limited will not charge a fee to any complainant to investigate or resolve a complaint. Further information about referring a complaint to Financial Services Complaints Limited can be found at www.fscl.org.nz.

9. Where you can find more information

Further information relating to the Scheme, the units and the Fund (for example, financial statements) is available on the offer register and the scheme register at www.business.govt.nz/disclose and a copy of information on the offer register or scheme register is available on request to the Registrar of Financial Service Providers.

You will not be charged any fee to access this information.

An annual statement and PIE Tax Statement will be sent to you or made available through an electronic facility by the end of each June. These provide information such as your balance at year end, change in balance during the year, what fees you have been charged and how much PIE tax has been paid on your behalf.

You can find more information about us and the Fund on our website www.nikkoam.co.nz/invest/retail.

More information regarding the Nikko AM Global Umbrella Fund can be found at https://emea.nikkoam.com/files/pdf/funds/nguf_prospectus.pdf

10. How to apply

Individual and joint investors can apply at www.goalsgetter.co.nz, otherwise you can apply by contacting us for application forms.

We may accept or refuse any application either in whole or part and we are not required to give any reason or ground for such refusal.

Investing through a Portfolio Investor Proxy (PIP) or a custodial service

When you invest through your advisor, or a PIP or a custodial service, you will not become a direct investor in the Fund and will not have a direct relationship with us or the Supervisor. Rather, the PIP or the custodial service has the direct relationship with us and will be able to exercise any rights attached to units held.

All reports, notices and other documentation will be sent directly to the PIP or the custodial service and not to you.

When you want to redeem your investment, you need to contact your advisor, PIP, or custodial service.

The PIP and any custodial service may have entered into an arrangement with us in respect of the Fund which may vary the terms and conditions of investment in the Fund. You should contact your PIP or the custodial service for details of:

- the minimum investments or minimum withdrawals required by your PIP or the custodial service, and the consequences of failing to meet those minimums;
- the timing of cut-off times for applications and withdrawals; and
- whether any fees and charges are payable to the PIP or the custodial service (in addition to fees and charges set out in this PDS).

When you invest through a PIP then neither the Manager nor the Supervisor will undertake the following responsibilities, which will instead be undertaken by the PIP:

- calculating and organising payment of tax liability on income attributed to the PIP by applying the PIRs of the underlying investor;
- making adjustments to the units held on your behalf (by requesting the redemption of units) or the distributions (if any) or requiring payments to be made which reflect the tax liability on income attributed to you;
- organising the provision of returns and other information to Inland Revenue; and
- providing us any information concerning the underlying investor that may be relevant to whether the Fund continues to meet PIE eligibility requirements.

If you would like further information on how to invest in the Fund, please contact us at goalsgetter@nikkoam.com.
