Nikko Asset Management New Zealand Limited (Nikko AM).

Nikko AM is Asia's premier global asset manager. We actively manage over NZ\$4.8 billion of investments for a diverse group of clients, including superannuation schemes, charitable trusts, KiwiSaver scheme providers, corporations and local government along with providing services to financial intermediaries through wrap platforms.

We offer investment management services in domestic sectors (equities, fixed interest and cash) through our Auckland-based investment team and employ offshore managers to manage global sectors (global equities, global bonds and alternative investments).

### Fund launch

July 2009 (a similar portfolio has been operated by Nikko AM since 1996).

### Investment objective

The objective of the Fund is to construct a portfolio of authorised investments that outperform the Fund's benchmark return by 3.0% per annum over a rolling three year period before fees, expenses and taxes.

The current benchmark for the Fund is the Australasian Small Companies Composite Index.

### Composite index

The Australasian Small Companies Composite Index is a weighted average of the following three indices:

S&P/ASX Small Ordinaries Index (NZD; unhedged)	70%
S&P/NZX SmallCap Index Gross with Imputation	25%
S&P/NZX Call Rate Deposit Index	5%

### Investment philosophy

The Fund is managed by Nikko AM's domestic equities team and is designed to provide investors with an exposure to New Zealand and Australian small companies, otherwise referred to as "emerging leaders".

The Fund currently obtains investment exposures by investing in the Nikko AM Wholesale Australasian Small Companies Fund, a wholesale unit trust managed by Nikko AM.

The wholesale fund is skewed to Australian investments and is managed in a manner to provide investors with capital growth and a modest income over a medium investment time frame. Investment positions are actively managed to provide unit holders with a moderate risk exposure to a diverse range of companies and sectors, contained within the Australasian small companies market.

### Structure and taxation

The Fund vehicle is a Unit Trust and Portfolio Investment Entity (PIE) which is priced daily. Unit holders elect their own Portfolio Investment Rate. Information is provided to the IRD and unit holders on an annual basis.

### PIE eligibility

Nikko AM may take any action it deems appropriate to ensure the Fund remains eligible to be a PIE. This includes the ability of Nikko AM to compulsorily withdraw a unit holder's units and pay the proceeds to that unit holder's nominated bank account.

### Distributions

Semi-annual. Last business days of March and September.

### Hedging policy

Assets and liabilities are hedged to NZD at the discretion of the Manager.

### Management fees and other charges

A management fee of 1.00% per annum calculated as a percentage of the gross asset value of the Fund will be calculated and deducted from the Fund. This fee is calculated daily and is payable to Nikko AM. The management fee may be reduced or waived at our discretion.

Nikko AM may recover expenses (including the Trustee fee) up to a maximum of 0.25% per annum from the Fund.

### Performance fee

In the Nikko AM Australasian Small Companies Fund, a performance fee is payable to the Manager of an amount not exceeding 10% per annum of gains over and above the investment objective for the Fund. The investment objective which must be exceeded is the Australasian Small Companies Composite Index plus 3.0% per annum.

The performance fee is calculated after allowance for the management fee, the Trustee's fee or custodial fees and costs and expenses recovered from the Fund for the relevant Financial Year.

The cumulative performance fee for each Financial Year is accrued and adjusted on a daily basis and paid annually in arrears based on the actual performance of the Fund for that Financial Year. Any amount by which the Fund underperforms the Australasian Small Companies Composite Index (or any other index against which the benchmark return is measured) for any previous Financial Years must be recovered before the performance fee is payable for a Financial Year. Underperformance is calculated before allowance for the management fee, the Trustee's fee or custodial fees and costs and expenses recovered from the Fund for any such previous Financial Years.

**Commentary**

The quarter saw a number of significant global events impact on markets. Key global events over the quarter included interest rate cuts in China, a terrorist attack in Paris, the shooting down of a Russian military jet by Turkey, confirmation that a Russian passenger aircraft was the result of a bomb and the much anticipated US Federal Reserve increase in interest rates. Global equity markets managed to end the quarter in positive territory with the MSCI World index (in local currency) up 5.1%. The composite benchmark of Australasian Small Companies Index rose 8.3% over the quarter, ahead of the S&P/ASX 200 index which was up 5.5% but below that of the S&P/NZX 50 index which rose 13.2%.

The portfolio provided investors with solid returns, +11.1% for the period, outperforming its composite benchmark. Positions in **A2 Milk**, **Syrah** (SYR), **OZ Forex**, **Metro Performance Glass** (MPG), **Impedimed** (IPD) and **Corporate Travel** (CTD) added to portfolio performance. Dick Smith was sold after a terrible update and this was fortunate, in spite of selling at a loss, as post the end of the period the company went into receivership. Shipping company **Austal** (ASB), **Programmed Maintenance** (PRG) and **MYOB** (MYO) detracted from performance along with New Zealand listed **Eroad Limited** (ERD) following a material reduction in forecast unit sales in the United States for the year to March 2016.

There were a large number of portfolio changes during the period due to the strength of the market providing plenty of opportunities. Sales included the complete exit of Tassel, Sirtex, SAI Global, Chorus, iProperty, Dick Smith, AWE, Lifestyle Communities, Stride, Speedcast, Sedgeman, Skilled, Vocus, Japara, Smart Group, Estia, RCG, Aveo and A2 Milk. Additions to the Fund included property company **360 Capital** (TIX), **Impedimed** (IPD), **Rhipe** (RHP), **McMillan Shakespeare** (MMS), **MYO**, **Blackmores** (BKL), **Myer** (MYR), **Programmed Maintenance** (PRG), **Lovisa** (LOV), **CSG**, and **M2 Group** (MTU).

The Fund ended the period with 7% in cash and Australian positions unhedged against the NZ dollar.
